Subject: Ramazzini statement on the IRIS website

Everyone,

Today NIEHS posted the results of the Pathology Working Group study on selected bioassays performed by the Ramazzini Institute. EPA has posted a statement regarding how RI data will be used in assessments on our IRIS website. You can see EPA's statement at <http://www.epa.gov/IRIS/>

I know many of you have been following this closely, so I wanted to share this news to you today. I have also asked Stella to set up an all-hands meeting for late next week for anyone who is interested in participating.

Regards,
Becki
